## Working in partnership to deliver the 5 hour offer for all young people

Sport Trafford and the School Sport Partnerships are working together to deploy the Trafford School Sport Coaching Team.

The School Sports Coaching Team is a service to schools that provides quality, qualified and professional sports coaches to support the delivery of the PE curriculum and Out of School Hours Learning (OSHL).

Our aim is to provide high quality coaching to all schools in Trafford that will support every school to deliver the 5 hour offer for all young people. Each coach is linked to the School Sport Partnership and will be assigned to a family of schools and will work directly with their respective SSCos.

### What can the team offer your school?

- Provide high quality coaching to all schools that will underpin the delivery of the 5 hour offer
- Specialist sports coaches to deliver the national curriculum
- High quality PE & OSHL activities that will enhance your current provision
- Menu of opportunities based around the needs of your school
- Monitoring and evaluation of pupils
- Opportunities for teachers to work alongside the coach as part of ongoing CPD for your staff
- Each coach is linked to the School Sport Partnership and will work closely with your School Sports Coordinator to deliver a range of activities within and beyond the school day

## Ensuring High Quality Provision

- We have employed a coach manager to coordinate the team and oversee all coaching provision in Trafford
- We will support your school to plan and develop a programme that caters for the needs of your school
